

A Father's Daily Prayer guide

- to be personalized for each child:

Praise and thanks be to You Lord for my son / daughter

Lord, I ask that You protect and guide my son / daughter

-specific activities, etc...

Lord, I ask that Your strength be in and with my son / daughter to glorify You through

-specific gifts, events, etc...

As he / she matures, surround him / her with Christian friends

-in school, sports, other environments, etc...

And, as he comes of age, bring a young lady into his life that is well grounded in her Christian faith, growing in her walk with You that will love and respect him as Your church loves and respects You. Teach him to love and care for her as You love and care for the Church.

(daughter: ... as she comes of age, bring a young man into her life that is well grounded in his Christian faith, growing in his walk with You that will love and care for her as You love and care for the Church. Teach her to love and respect him as Your Church loves and respects You.)

Bless them with a happy and healthful marriage and family, with children that will come to know You just as they have.

And, that their children, and their children will grow in Your Word and in Your Love, thanks to the seeds planted and nurtured this day.
